Dear Sir:

In response to the Office Action mailed on May 14, 2003, Applicants provide the following amendment and response. Please amend the application as shown below:

In the claims:

1. (Second Amendment) A decorative film comprising a transparent substrate and a colored layer comprising ink containing an optical coherent pigment, said colored layer having a thickness in the range of from 2 to 20  $\mu\text{m}$  and being provided on one surface of said substrate, wherein said substrate comprises a plastic film and said colored layer is not observable when viewed inside a room or vehicle from a first side of the decorative film but is observable when viewed outside the room or vehicle from an opposite side of the decorative film.
